Dear guest,

Thank you for choosing our home and showing us your trust!  
In this small booklet we have tried to gather all the information that we think may be of assistance to improve and facilitate your vacation with us.

*We have divided this guide in the following:*

Permanent record numbers, emergency numbers, and general information gathering all those pieces of information that from time to time other customers have asked us for; also we wanted to include some information about some of the services we offer and are available separately on request at the time of reservations; some kinds of tourist information and road conditions through public transport and finally some technical information on the house.

We would like to inform you that this guide is only a small contribution of information to learn more about our structure; we will be happy to provide from time to time additional and more specific information in order to make your stay as pleasant as possible.

Wishing you a wonderful holiday we renew our invitation to contact us with any questions and / or need!

*Il Pioppo Petroio*

***Note for the pet owners:***

As you will see your four-legged friends are welcome with us, each apartment has a fully fenced garden for our guests and their friends, and there is a fenced area of about 200m<sup>2</sup> in the immediate vicinity of the house where your little friend can play in complete safety, however, must never be left unattended.

Also in line with other animals that live in the property, we require that your pet is not left in the immediate vicinity of the house.

Below are some useful hints for the apartment:

Satellite TV:

Turn on the TV, make sure that the green light to the receiver is on, then using the special remote control, press the OK button, you will see a list of

channels, with the arrows up / down, right / left, search the desired channel, once you've found it you press ok and then exit to clear the channel list.

Home Heating: To be requested upon arrival, the operation of heating and scheduling of lighting and maintaining the selected temperature. The home is equipped with a thermostat that allows it to schedule turning on the heat at certain times while also setting the minimum temperature under which the heater will again automatically and equally adjust to a value of a maximum temperature to which the heating automatically stops.

Counter Lights: In the event of a power over-load, to restore electricity to verify that the counters in the home are all in the on position, if so, check the external counter located immediately next to the wooden gate (right to enter the property).

Fireplace Safety: Prior to opening the ventilation system with the proper chain, never leave a fire unattended, do not create a big flame and turn it off before going out and / or at night.

You will find also the train & bus timetable from Contea to Londa and the Florence museums.

**PLEASE NOTE THAT YOU CAN CONTACT US ANYTIME!**

**ENJOY YOUR STAY!!**
